Kingsbury General Improvement District is hereby requested to furnish the Applicant temporary water service. There is an \$85.00 account set-up charge and a \$1,000.00 deposit for water use due and payable at the time of application.

Water is to be metered through a hydrant designated by KGID personnel using a meter provided by KGID. If no meter is available, user is required to keep track of tanker loads.

The charge for water from a temporary connection is \$7.10 per 1,000 gallons used.

- Water shall be used only from a hydrant designated by KGID.
- All water trucks must have an approved air gap for backflow prevention.
- Only a spanner wrench may be used on hydrants.
- Hydrant must be opened and closed very slowly to prevent water hammer.

Damaged or non-returned meters will result in a charge to the applicant for the actual cost to repair or replace.
