

**Street Maintenance Technician
Kingsbury General Improvement District
Stateline, Nevada**

Kingsbury General Improvement District, a dynamic public agency in the Lake Tahoe, Nevada, seeks a Street Maintenance Technician.

Under general direction, the Street Maintenance Technician will have or be willing to gain experience in pavement management/maintenance and snow removal operations. The position requires operating various pieces of heavy equipment including a Vactor Truck, Loader, Backhoe, and Street Sweeper. Self-starter with a positive attitude and the ability to interact with the public with tact and judgment are essential. Must possess or can obtain a Nevada Class A or B commercial driver's license, a good driving record is required. Air Brakes and Tanker endorsements are required within 6 months of employment.

Successful individual will enjoy working with a great team performing variety of duties. Most of the daily duties will be operating heavy equipment and support a range of district roles. The district embraces personal and professional growth and other core training opportunities including our water and wastewater field.

Stateline at Lake Tahoe is the perfect base camp for outdoor enthusiast while nearby Carson Valley provides endless offroad recreational opportunity, hiking, hunting, fishing or just enjoying being in the mountains provides additional rewards and higher quality of life to match the satisfaction of serving the community.

Applications can be obtained at www.kgid.org, and will be accepted either online or at the KGID office at 255 Kingsbury Grade, Stateline, NV. For further information call 775-588-3548 or email Judy@kgid.org.
